

# Microsoft Teams for Recruiters

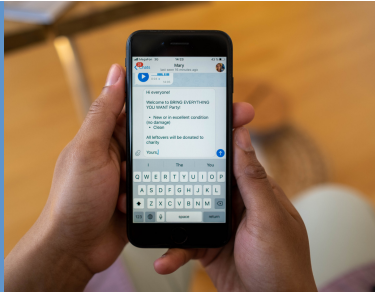

*Purpose built tools for the way you work*

## Next level recruiting tools

### Real-Time Communications

Teams enables instant messaging, SMS, video conferencing, desktop sharing and calling with 1 click. Ensuring your team stays connected with all the ways you communicate.

### M365 Integration

The flexibility to shift seamlessly between devices and spaces without interruption to the flow of work. Stop switching between applications - give your Recruiters a more productive and connected work environment.

### Teams Templates

Transform your recruiting processes with the power of custom Teams templates. From candidate sourcing to interviews and onboarding, our custom templates provide a structured framework that saves you time and ensures consistency in your operations.

### Integration with your ATS

Teams collaboration for Recruiters automates the calling process, saving your team valuable time and ensuring they focus on what matters most - building meaningful connections with prospects and clients.

### Automation

Our cutting-edge solution empowers recruiters by automating time-consuming tasks, allowing you to focus on what truly matters - finding the best talent. From resume screening and interview scheduling to candidate follow-ups and data management, automation simplifies your workflow and ensures no opportunity is missed.
